AUDITLODGE

The Working Sheets

The sheets you work from: your keywords, your fix plan and your backlinks - and the questions people put to the AI assistants when that sheet is in your pack - every row measured on your own site.

7 November 2026 · report 20261107-100848-984da9

SHEET 1 / 1 · THE WORKING SHEETS

The Backlinks Sheet

Who links to your site - the domains their index could name, each with its spam score, and the totals beside them.

Disown the named junk, keep the good, and ask the strong ones for more.

Download the spreadsheet - backlinks.csv

their index: 9 backlinks from 7 referring domains, spam score 67; the domains named below are the 1 their answer carried for this run (of 1). 1 domain named here; 0 carry a spam score of 50 or more - those are the ones to disown.

Domain in SERP	Total number of backlinks	Broken backlinks	Broken pages	First seen	Average rank	Referring pages	Spam score
